

BAILEY

MOTORSPORTS

RJ Motorsports was recently host to The Rockstar Energy Drink Motocross Nationals and the event was a huge success! Our hats go off to the organizers of the weekend as spectators and riders alike enjoyed the great event. Riders from the Bailey Motorsports Snowcross Team were there among the competitors having an awesome time ripping around the track on Saturday!

Mother Nature decided to give us the rain that the area really needed for so long on Saturday - and it made the track very wet and challenging as the rain kept coming down on and off all day.

We had our trailers and promotional areas set up near the stands, and we had an incredible number of visitors thru the booth areas over the entire weekend. A big hit this weekend in the Bailey team area was definitely the Yeti Snowbike by Flybyu Motorsports! Check them out to get your Snowbike kits, parts and accessories and come race the CSRA this winter!

Bailey Pro Snowcross rider Stale Eggen may have been covered in mud from head to toe but he had a great time riding in the conditions on Saturday! He commented that he,

“Finally got the feeling of being on the starting line again. This weekend I signed up for the CMRC race in Barrie to race the Mx1 intermediate class on Saturday. In the first race I didn't have the best start but was able to find some clean lines and passed a lot of guys in the first lap. In the second lap I was right behind the leader and was looking for an opening to pass him through the whole race but couldn't find the right spot so I actually ended up crashing after a jump. I got back up but had lost one spot so ended up 3rd in that race.

It was raining the hole race and the Scott goggles kept my vision as clear as possible and my deft family gloves didn't lose the grip of the handlebars after the crash so the need a huge thanks because it was nasty out there!

Second Moto I got the holeshot and was holding the lead for a couple laps. Then I did a small mistake in a corner so the guy behind me passed me. I couldn't find the way to pass him back so I finished second. Overall I also finished second so I'm really happy about that, and I could tell that after the race that my endurance is on the right way for the season! Only a couple more months left and I will be back on my ski doo ready for an interesting season! Really looking forward to it and I'm going to be in the best shape than ever so this will be fun! Can't thank my team and sponsors enough for this opportunity!”

Ryan Hunt is absolutely stoked about riding in the Snowcross Pro Lite class this season with the CSRA and at Duluth with ISOC. After the races he noted that,

“Going into RJ's with no expectations other than to have fun is a great feeling, especially because it's a nice change from the mental game for Snowcross. I haven't been on a bike for too long so I'm still not as fast as I would want to be but it's still lots of fun riding around trying to push myself to be faster each lap. I was signed up for MX2 beginner and MX3 beginner, riding my new Yamaha 250f I was a lot more comfortable than what I was on my YZ 125! Feeling good I had an awesome ride in my first race and had a nice battle with one rider! Second race went even better I got an okay start but made my way through the pack and had a great ride feeling good the whole race. I can't tell what I placed, but it was lots of fun. Half way through the day, the weather decided to not cooperate with us and it rained a ton! The track was a mud pit but I still went out and had fun, after I pulled the hole shot I crashed a few times but over all a great weekend for the team on the track and for the exposure in the pits! Thanks to all our sponsors helping us out , VP, Amsoil, Team LTD, Flybyu Motorsports, Troy Lee, Scott, Deft Family, St Onge Recreation, Clean Media.”

Shawn Marinoff, also a Bailey Motorsports Team rider had a really great result in the mud on Saturday placing 2nd in the Vet Masters Class! Awesome riding Shawn! On the racing on Saturday Shawn had to say that,

“My weekend at the RJ'S MX national weekend was amazing. I rode the vet masters class which was a step in the right direction for me. Coming into the weekend I had done a lot of riding to prepare myself for the sand. Saturday was race day and I had a decent first moto and finished a solid 3rd. Second moto was a whole different story as the rain had come down and turned the track into an absolute mud pit but I put my head down and Soldiered onto a 2nd place finish despite having a fall in a corner and fighting arm pump. Overall I had an awesome day of racing. I'd like to give a big thank you to all of our amazing sponsors that stand behind us all at Bailey Motorsports. Thank you. ”

As the skies cleared the spectators came out in droves to see the pros on the track on Sunday, and were blessed with really incredible weather and

track conditions. The riders and team of Bailey Motorsports were among the crowds taking in the awesome show.

Again on Sunday we had a really great number of visitors to our booth and trailer areas. Thanks to everyone who came out and stopped by to say hi and learn more about our team and sponsors!

Thanks once again to all of our amazing sponsors for helping make our seasons possible.

Be sure to drop by our booth area to say hi at the upcoming Toronto International ATV & Powersports Show this coming October!

Be sure to take advantage of the money savings coupon for \$3 off of your admission. Hope to see you there!
