

BAILEY MOTORSPORTS

Press Release

January 11th 2018

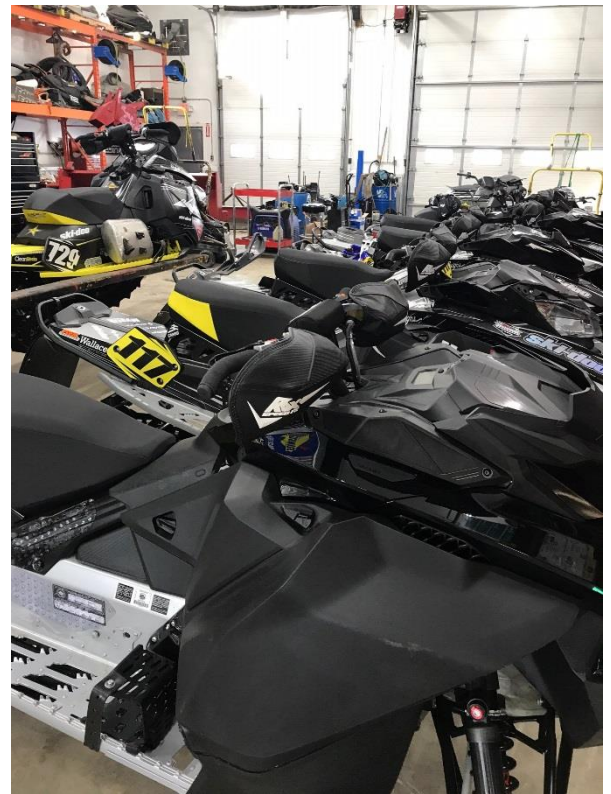

INTERNATIONAL SNOWCROSS GRAND PRIX ROUYN-NORANDA, QC

The kick off to the CSRA season opener is just days away. The team has been working hard preparing sleds, bikes and equipment. Our riders have been practicing at The Compound a ton, conditioning themselves, testing set ups and just generally having a blast on the new Ski Doo Gen 4 and Husky/Yeti bike. It is going to be an exciting season to say the least, this is the strongest team we have pulled together to compete on the circuit, we can't wait to see how things shake out this weekend.

Ryan Hunt

We have been fortunate enough to retain sponsors that have been with us from the very beginning, one of which has stepped up in a big way, outfitting the team and crew in their line of winter gear. HMK is now one of our title sponsors, making a huge entry into the Canadian market having struck a deal with Canadian Tire, now selling their line in stores across Canada. Mystik lubricants have also come on board this year as a title sponsor, covering all our lubricant needs for all our race and support equipment. Mystik, HMK and Dayco, another loyal sponsor, all have their brands for sale in CDN Tire, making it convenient for racers and race fans to shop at every event this year.

All of the Bailey Team sleds getting prepped for the season

Back on board this year is MBRP, they have worked with us to develop an all new race can to compliment the exhaust system on the new sled, check them out if you haven't got yours yet.

New MBRP race can

Mitch King

We are very thankful to all our partners, we look to do you proud this year!

Taylor McCoy

Yanick Boucher

Isaac St Onge

Brooklyn Karkoulas

We are going to live stream our races, follow our Facebook and Instagram pages for updates. Also watch for contest give a ways and your chance to win VIP tickets to future events, including access to the pits, rider autographs, team swag and visit with our racers.
