## Bailey Motorsports Athletes Podium at CSRA Season Opener January 16<sup>th</sup> 2019

The 2019 CSRA Snowcross and Snowbike bike season finally got underway with the Rounds 1 & 2 held at The Yard in Sault Ste. Marie. The conditions were outstanding, tons of snow that allowed the CSRA crew to build the great track. The weather cooperated too, with sunny skies both days and temps that didn't affect the riders. After a long pre-season and many hours of testing at The Compound our riders were ready to see how they would do against the competition. The team's mechanics had the Ski Doo race sleds and Yeti snow bikes dialed in! "What a weekend, I am so proud of the entire team. It was so nice to see all the hard work and effort that goes into our program be rewarded with some great results on the track. Highlighted by the outstanding performances from all our riders. Definitely a fun way to start the season." said Stu Hunt.

At the end of the weekend the team had racked up 9 Podiums from our 4 riders. Six of those being first place! An incredible weekend of racing!

Here's what our riders had to say about their weekend.

## YANICK BOUCHER #53

"Great weekend of racing to kick off the CSRA season in Sault St. Marie. I was able to go 1st in all my motos, Derek at Flybyu motorsports had my Yeti Snow mx bike dialed in, felt good to be back to the races and line up on the starting line again, big thanks to Rockstar Energy Canada, Troy Lee Designs, HMK, Scott goggles, Tekrider and Deft Family gloves for making me look good out on the track. Now time to get ready to head down to X Games!" Yanick.

## RYAN HUNT #729

Starting off the season better than I think anyone had expected from me. Glen had my sled running awesome and winning my first Pro Moto was something I've been waiting for a long time in my life. It is something I will remember for a long time. Going into the final I had no expectations on how I was going to finish other than to try my best. At the end, if I had even less than one more corner I would've had the win! But I was more than satisfied with 2nd. Thank you to everyone on my team who has supported me and thank you to all our sponsors! "Flyin".

## **HAILEY BELANGER #574**

“Wow this weekend was a blast and it felt great to be back racing again with the whole team. In my transition girls class I got 2nd both days and then in the “boy class” (Transition 1) I went undefeated all weekend long winning all my heats and finals! I couldn’t be happier about how my weekend went thank everyone that supports us” Hailey.

## **BROOKLYN KARKOULAS #500**

“While racing at the Sault I pushed myself out of my comfort zone and while attempting a pass in a corner I ended up losing position. I had some good rides in the Jr. classes but I feel like I have more to give. I am looking forward to some practice time to get some kinks worked out. Thank you to our incredible team for helping to repair the steering rod on my sled in record time between races.” Said Brooklyn. What she didn’t say was ... that she dominated the Junior Girls class, she quickly showed she is the one to catch again this season, winning her first moto and then going undefeated all weekend!

Thanks to our team mechanics, Glen Goodale, Derek Uttley, Shawn Marinoff and Troy Karkoulas for prepping the sleds and making sure the riders had what they needed all weekend long.

We've got a great list of partners to thank for all the support this season, you have to check them out. To get more info, follow the links on our website or on our social media posts. Special thanks to HMK and Tekvest for our sweet gear and boots, and to Troy Lee designs for our sick helmets and for custom painted Rockstar edition helmets for our two pro riders.

Ryan was getting some great jumps off the line with help from the Dayco products belt, helping his clutches hook up. Combine that with the traction supplied by Stud Boy, he made the most of his weekend.

Our affiliate team at KSR had an equally outstanding weekend! It has been so fun to watch these girls grow up over the years. Unfortunately for their competition, the older they get, the faster they go. Check out these results! Brooklyn's two sisters know how to get it done.

Zoe #502 raced hard in the Transition 1 on Saturday got 3<sup>rd</sup> and 4<sup>th</sup> on Sunday. In her Transition girls class she got a 3<sup>rd</sup> and a 5<sup>th</sup>! Sister Dakota #501 took the wins both days in the Transition girls class and in Transition 2, competed against the boys and took home a 2<sup>nd</sup> and 3<sup>rd</sup>. Love hearing her motor bounce off the rev limiter as she ripped up the track.

Our next event is in Innisfil on January 25 and 26, this is one of our favourite events, looking forward to it. Unfortunately, Yanick won't be there. He is headed to compete at X Games! We are looking forward to an action-packed weekend on both sides of the border.

**Check this out!** For the first time ever there will be a live feed of our races both days in Innisfil, so if you can't make it to the event be sure to check it out online. Follow our social media for details as the date approaches. Live footage is also going to be available on ESPN and TSN for the X Games, check your local listings time, the Snowbike events are on 24th and 25th.

Can't wait! See you at the races
