Prep for X Games in Colorado

January 22nd 2019

Yanick in 2018 at the X Games

Yanick Boucher #53

“The road to X Games began Saturday morning for Yanick and Derek. They had the Wallace Chevy Express Van loaded up and ready to make the long drive to Denver where they picked me up at the airport Sunday afternoon. We headed to Crested Butte to ride in the mountains and get Yanick some seat time and become acclimatized to the high altitude. We had a blast, free riding some of the best conditions you can imagine. Thanks Kory for guiding us

around. If you ever visit the area look him up for sled and bike rentals.

Free riding in the mountains of Colorado

We are feeling good about the program we've put together for X. Yeti Snow MX has done a great job with the 2019 kit and Derek at Flybyu has it dialed in on the Husky 450. Yanick has put in the time and effort preparing. Saturday we will find out how he does against the best in the Sport. It's going to be fun!!" said Stu Hunt

Derek of Flybyu said of the riding in the mountains that, "Today was our first day of riding at Elevation in Crested Butte. The snowbikes and riders both have to be tuned and acclimatized to the lack of oxygen at an elevation just shy of 10,000 feet above sea level. Riding in the mountains is definitely a treat for us Ontario based gents. The amount of snow and the terrain is nothing like we have back home. It was a day to remember for sure. "

Yanick commented on training here in the mountains that it was a "Great first day here in Colorado in preparation for X Games, such a fun time riding our Yeti Snow Mx in some real deep snow up in the mountains here! Ready for some more time on the bike here in the next couple of days!"

Also dependant on cell reception in the mountains Yanick will be interviewed by Guy Morin live on the Le Fantatique Sports Radio show featured on CINN 91.1 FM in his hometown of Hearst Ontario this coming Wednesday night at 8:30pm.

He will be talking about the upcoming races at X Games and all of the prep work he and our team have put into it. Link to the CINN 91.1 FM website where you can choose to listen live:
