

KSR Secures Three Championships at Season Finale

Oakwood, ON (April 5, 2022) – Talent wins races but determination, resilience and hard work win championships. This past weekend the team travelled to Horseshoe Resort in Barrie, Ontario with the usual nerves associated with the final run in the points race for championships. The weekend saw the team experience many exciting highs but also a very devastating low when Brooklyn (#500) had an accident in her first and subsequently only Moto of Pro/Am Women.

Brooklyn #500

Brooklyn entered the weekend feeling strong and confident after practice on Friday. She was only six points behind second place in the championship points and set her goal to close that gap. Coming out strong she had a great race until the final lap on the large downhill section where she lost control and went over the front of her sled. Unable to get up, the quick actions of CSRA flaggers kept her safe while medics arrived to assess her. She was subsequently sent to local hospital and after two long days of many tests and diagnostics it was discovered that the impact of presumably the handle bar to her right side of abdomen caused some bleeding into her right abdomen. She was unable to finish out the season as she so desperately aspired to and ends with a 4th place overall in the Pro/Am Women category. There is much rest ahead for the young rider and some follow-up tests in the weeks to come. KSR cannot thank everyone enough for all their texts, messages and calls sending healing vibes and support to Brooklyn.

Zoe #502

Zoe continued her winning streak by sweeping the Transition Girls class all weekend long and going undefeated the entire season for the title of 2022 Transition Girls Champion. Transition 2 saw her mainly in the top 5 for motos and mid pack in the finals. Zoe was especially happy with her 9th place finish on Sunday from the back row which was a result of “superman off the bars” in her second moto. In describing the season Zoe said, “I feel like it flew by, but I enjoyed every minute of it”. She describes the last race weekend of the 2022 season as a great one, and is happy that the Transition girls class was running once again.

Dakota #501

Still in shock that the 2022 snowcross season is already over, Dakota couldn’t be more pleased with her results. Going into Saturday, Dakota was quite anxious but went out there and did her best going 2:1 in Junior 14-17 which put her first overall for the day. She finished off the day Saturday taking the win in both motos in Pro/Am women, a result she would repeat on Sunday securing a MyLaps clean sweep of green (demonstrating an overall win for each and every event). Dakota describes her race day Sunday as, “an incredible day as I had a clean sweep winning all my races. I also, officially defended my overall championship in Junior 14-17 winning it again this year, and am now the new champion title holder in Pro Women”. With extreme gratitude, Dakota was happy to take to the podium in the pro show on Sunday to thank the many sponsors supporting the KSR team.

Weekend Results

	<u>Saturday</u>	<u>Sunday</u>
<u>Brooklyn</u>		

Pro/Am Women	DNF	DNS
Dakota		
Pro/Am Women	1st	1 st
Junior 14-17	1 st	1 st
